

MEMORANDUM
PLACER COUNTY HEALTH AND HUMAN SERVICES
Community Health, Clinics, and Animal Services

TO: Honorable Board of Supervisors

FROM: Richard J. Burton, M.D., M.P.H.
Placer County Health Officer and Director of Health & Human Services
Mark Starr, D.V.M., M.P.V.M., Director of Community Health, Clinics, and Animal Services

DATE: August 23, 2011

SUBJECT: Amendments and Deletions to Article 6.04, 6.08, 6.12, 6.16, 6.20, 6.24, and 6.28 of the Placer County Code Regarding Domestic Animals

ACTION REQUESTED:

Adopt the attached Ordinance to amend Article 6.04, 6.08, 6.12, 6.16, 6.20, 6.24, and 6.28 of the Placer County Code, Chapter 6, Animals, to provide improved rules for an array of animal situations and to update obsolete language.

BACKGROUND:

One of the most important enforcement tools that Animal Services has at its disposal is Chapter 6, the Animal Ordinance, of the Placer County Code. Animal Control Officers routinely cite violations of Chapter 6 when enforcing nuisance complaints such as dangerous dogs, barking dogs, dogs at large within county parks and unlicensed animals.

Placer County Animal Services, working with County Counsel, identified challenges with, and limitations to, the current Placer County Code Section 6.08.030 regarding vicious or dangerous animals. Therefore, we undertook a revision of this County ordinance in order to improve language and to provide greater specificity in the County Code, allowing Placer County Animal Services to have more tools to address problems. A review of ordinances of other jurisdictions was a key part of the revision process, as was active involvement of the Placer County Animal Services Advisory Committee (ASAC). As a result of efforts by all parties, the proposed ordinance provides for a clear process by which the County can effectively address dog owners who violate the law, and require restrictions and conditions related to ownership of a dog deemed to be potentially dangerous or vicious, or the euthanasia of such dogs.

We determined that additional sections were in need of revision, so we undertook a comprehensive review of all of Chapter 6 as well. The other proposed changes include updating the definitions section, including redefining "dog at large" to include any dog that is not on a leash, with exceptions for working dogs, agricultural dogs, dogs in obedience or completion events, and hunting dogs. There are improvements to the sections relating to the handling of dead animals and allowing for an exception under the "excessive dog barking" section when a dog is provoked. The sections relating to kennel licenses, rabies prevention, and the impoundment holding periods are updated to be consistent with State law. The "hunting" section of the Chapter was deleted in its entirety (as it has been completely superseded by State law), and the grazing section was updated. And the Department has added a new process to allow for fair competition for adoptions of highly desirable pets that occasionally come into the shelter. The ASAC was involved in these revisions as well, and input from the Placer County Agricultural Commission was obtained.

Lastly, there is a new section that will allow for the Department to reduce animal services fees to encourage adoptions when there is an influx of animals at the shelter that brings the shelter to over 80% of capacity, or when the shelter wants to find a home for an animal that has special medical needs or is at an advanced age. This narrowly drawn authority can be delegated by your Board as such delegation does not give the Department the power to make any 'fundamental policy decisions', and does not allow for unfettered discretion relating to such fees.

In summary, the proposed amendments of Chapter 6 of the Placer County Code represent significant improvements, ranging from updating obsolete language to an improved leash law and stronger and more specific rules regarding potentially dangerous animals. These changes will enable Placer County Animal Services to better address the safety and welfare of both people and animals in the County.

FISCAL IMPACT:

There is no impact to the County General Fund as a result of this action.

C. For purposes of this section, evidence that two or more dogs are provoking each other to bark, shall be sufficient for conviction under this section, so long as the barking continues for an aggregate twenty (20) minutes out of one hour, regardless of which dog commenced the barking. M. Nothing in this section shall be construed to prevent any party from bringing a civil action to abate the nuisance.

6.08.030 Potentially dangerous or vicious dogs – Generally.

A. Purpose.

California Food and Agricultural Code Section 31621 authorizes the establishment of an administrative hearing procedure to hear and dispose of petitions filed to determine whether or not a dog should be declared potentially dangerous or vicious. The provisions of this section set forth the procedures by which a dog can be found to be a potentially dangerous dog or a vicious dog, thereby becoming subject to appropriate controls and other actions. This section is intended to supplement rather than supplant any other remedy available under state statute or county ordinance.

1. "Potentially dangerous dog" means any of the following:

3. "Severe Injury" means any physical injury to a human or animal that was directly caused by a dog attack that results in muscle tear(s), puncture(s), dislocation(s), broken bone(s) or disfiguring laceration(s) or which requires the suturing of a wound, corrective or cosmetic surgery and hospitalization for any of the aforementioned conditions as defined under Section 31604 of the California Food and Agricultural Code.

4. "Defensive Action" means moving in such a way as to protect one's self or others from bodily harm as a reasonable person would perceive necessary to do so.

C. Exemption.
